MEMORANDUM FOR: The Comptroller

SUBJECT: Request to Identify Funds for Use of
Deputy Director (Research)

REFERENCE: DD/P 2-5389, dated 10 October 1962,
subject: TSL/R&D Support for DD/R

1. Referenced memorandum to the DD/R from the DD/P raises the question of the transfer of various projects from TSL/DD/P to the DD/R. The DD/R is in general agreement with TSL that these projects belong properly under the management of the various offices of the DD/R.

2. In order to provide support to these projects when they are transferred, it will be necessary to have sufficient funds under the DD/R's authority. Appropriate answers to the DD/P are being held until actual contractual authority and funds reside in the DD/R for this purpose. Therefore, it is requested that the Comptroller make available at the earliest possible opportunity the funds which the DDCI approved for the DD/R programs.
